

Greater Egg Harbor Regional High School District BOE

BE A GOOD EGG AND....

...DON'T BREAK US UP!

The Greater Egg Harbor Regional Board of Education voted to take Absecon students now assigned to Pleasantville High School. This makes the Greater Egg Regional a party to an illegal secession scheme that will only further segregate our region.

We think Greater Egg Harbor Regional is a wonderful district and a model of racial diversity. But their decision to take Absecon students will make Pleasantville a 100% segregated High School. That decision was both is wrong and unconstitutional.

Do what is right.

Reverse your decision to segregate our school and join us in our fight to make *all* our schools great, diverse, and inclusive.
