

It's Time Democratic Leaders Cared as Much About
Black & Brown Lives
as they do
Black & Brown Votes

Join us in Ending Racial Segregation in New Jersey

Atlantic County People's Convention, Municipal Beach Park, Somers Point

Sunday, March 20, 2022, 2:30 to 3:00 PM

New Jersey is one of the most diverse yet racially segregated states in America - especially when it comes to our schools. This is immoral & in New Jersey it's illegal!

Elected leaders, including Governor Murphy & Democratic legislators from Atlantic County, have ignored this crime & even supported policies that make it worse.

It's time Democratic Leaders in Atlantic County take a stand & support our legislative plan for access to high performing & inclusive schools for all students.

- We call on Democratic leaders to oppose Absecon's illegal bid to secede from Pleasantville.
- We call on Democratic leaders & candidates to adopt our Freedom Platform
- We call on Democrats to demand Governor Murphy meet with our leadership to discuss our plan to bring an end to school segregation.

What You Can Do

Contact Governor Murphy today & demand he meet with the Coalition Against Racial Exclusion (NJ-CARE) led by Pastor Willie D. Francois. *Tell him he does not need to wait for the courts to make him do it*. **Call Gov Murphy at (609) 292-6000**

If you are a member of the Atlantic County Democratic Party, endorse our **Freedom Platform** and insist that *all* candidates, of any party, do the same.

If you are *not* a Democrat, we welcome your support. Call the Governor & demand he take action now & meet with our Coalition today.
